PAX A920

The PAX A920 is an impressively designed payment terminal, combining the features of an Android tablet with a powerful point of sale device.

It accepts a variety of payment methods, including contactless, QR code scan, mobile and wallet payments, Chip & PIN and Magstripe. With Wi-Fi or 4G connectivity, the A920 can operate with your own Wi-Fi network or in mobile environments. This is a premium all-in-one payment acceptance solution designed to meet the demands of organisations of all shapes and sizes.

Features

- A standalone mPOS device
- 5-inch HD touch-screen
- Rechargeable battery for continuous use
- Dual cameras for recognition of 1D/2D codes
- Fast thermal printer
- Powered by Android OS
- Multiple connectivity options including 4G Supports electronic signature capture

Easy To Set Up

The LibertyPay team will make sure your device is set up and ready to use straight out of the box, saving you time and ensuring you're ready to collect card payments right away. All you need to do is connect to your Wi-Fi or 4G connection.

Full Support

Our Terminal Support Helpdesk are on hand for any assistance you may need.

T: 0800 542 4123 (8am-11pm /364)
