

From the Experts: For the Experts

Hello, we're LibertyPay, and we're here to let you in on a little secret ...

Card Payments don't have to be faceless.

We're willing to hedge a bet that you're paying too much for an inflexible card processing service that isn't really tailored to your firm. We also understand that you're busy, and don't feel there's time to research a better option, but here's the thing:

It's really quick and easy to switch providers, or even start from scratch!

Here at LibertyPay, we never simply take a one-size fits all approach. If you need a flexible, cost-effective payment solution that you can trust to keep-up with your firm, then please get in touch. We're always happy to chat things through.

Need More? Let's build trust together with our referrals scheme:

As well as making payments simple for you, we want to boost your business as well!

If you think your customers or business contacts could benefit from chatting with LibertyPay, why not refer them to us and supplement your revenue at the same time? For every new merchant we sign, you'll earn a referral fee as a personal thank you from us. We'll supply you with everything you need and manage the entire process from the moment you make a referral. After all, simplifying card payments is what we do best.

Virtual Terminal

Our Virtual Terminal is a convenient solution that allows members of staff to enter payment details into a PC, laptop, or tablet computer from anywhere with an internet connection! Your PCI compliant transactions are authorised in seconds and automatically recorded and receipted.

Pay by Link

Give busy clients some breathing space with our Pay-by-Link solution. We'll provide you with a secure and compliant payment page that is professionally integrated within your firm's website or, if you prefer, a URL link that may be emailed to clients from any device with internet access.

On-Site Chip & PIN Terminal

Here at LibertyPay we can provide you with one of the most advanced counter-top processing machines on the market. Why not ensure your reception area is safe, secure, and ready to accept card payments anytime?

We're easy to contact by phone: 01525 306800 or email: info@libertypay.co.uk, and our friendly UK experts are here to take the time to understand your business.

Welcome to a new-era of payment processing that believes in the personal touch.

LibertyPay

We keep our promises.
